Fifth EULAR Course on Systemic Lupus Erythematosus

Organized in collaboration with the EULAR Standing Committee on Education and Training

Pisa, Italy, September 4th-9th, 2011

The Course is aimed at 70 young rheumatologists (age less than 40 years) and has been designed to provide comprehensive intensive training on various aspects of systemic lupus erythematosus (SLE).

The Course will consist of morning and afternoon sessions that will address the following topics:

- Therapy of SLE, molecular basis of drug action management of comorbidities;
- Evaluation of SLE patients: disease activity, disease damage, response to therapy, quality of care, EULAR recommendations;
- Renal involvement in SLE;
- Neurological involvement in SLE;
- Skin involvement in SLE;
- Pregnancy in SLE;
- SLE and related conditions.

In addition each day will include the discussion of clinical cases related to the day's topics.

The Course will be held at the cloister of Santa Croce in Fossabanda, a beautiful complex built in 1300 and restored for the Jubilee of the year 2000 for use as a hotel. The cloister (<http://www.fossabanda.it>) is located in piazza Santa Croce 11, Pisa.

CME credits: Applications have been forwarded for European credits.
